Notes

Until 1989 there was only an "A" final and a "B" or "Petite" final at the World Championships. All other crews were eliminated at repechage stage and listed as "Not placed" (NP in this listing). Crews continue to be eliminated at World Cups and European Championships.

Repechage races ceased in 2024.

The World Cup series commenced in 1997. Prior to that there were "World Cup" races in the M1X & W1X for a number of years.

This listing includes all World Rowing events. It does not include Coupe or Home International Representation.

---XXX--- indicates not a registered member of an Irish affiliated club.

Portora II referes to the new Portora BC formed in 2016 in order to distinguish it from the old Portora BC that became ERBC.

Indicates clarifucation required - can you help ?

Only 3 entries - no bronze medal
